

## President's Letter

Welcome to the 2011 Saguaro High School Football season. This year promises to be full of surprises and changes. Last year's Arizona State 4A-1 championship season will be a challenge to surpass. The state sanctioning body, the AIA has chosen to reorganize Arizona's schools into Divisions and Sections where the Sabercats will now enjoy building new rivalries while at the same time renewing some old ones with close by neighbors. Expectations are high. New faces on the coaching staff and on the field understand the excellence of Saguaro High School Football is not only expected but demanded and achieved. We all look forward to watching them create magical moments as they march through the 2011 schedule.

I am proud to serve as Saguaro Touchdown Club President for the 2011-2012 school year. I am a firm believer that the continued success of Sabercat Football depends not only on the players and coaches but on the committed support of the families, volunteers, sponsors, administration, student body and surrounding community. I am confident that the current group of supporters will not only provide the critical resources needed to continue our successful tradition but will build a solid foundation for the future. Saguaro High School will continue to enjoy its place as a point of community pride.

During this challenging time, I would like to recognize the generous assistance of our sponsors and businesses in the surrounding community. Our program's success would not be possible without significant contributions and opportunities provided by them. Our relationships represent true partnerships. Please remember to thank them with your patronage.

Sabercat Football is guided on the field by the experience and trusted direction of Coach John Sanders. Coach Sanders and his teams have brought home State Championships 4 of the last 5 years. While his formula for winning football has been proven on the field, his unending dedication to furthering his player's educations through football cannot be overstated. Many Saguaro families have reason to appreciate his skill in navigating the scholarship opportunities secured by his players. John and his outstanding staff are not only responsible for building championship teams but are responsible for helping to shape our players into fine young men.

Finally, I would like to thank Principal Brian Corte and the outstanding administration at Saguaro High School for their support and effort to better Sabercat Football. Brian's ability to listen and contribute to the team effort is immeasurable. A program like ours cannot exist without a complete team effort from beginning to end. Together, we are all here to be part of something truly special.

**GO SABERCATS!**

Bill Counce

Saguaro Touchdown Club President
